

2021 Warfighter Systems Summit

Sponsor & Exhibitor Prospectus

From supporting the USMC's Force Design 2030 and the Navy's overarching focus on Great Power Competition in the Littoral battlespace, to the Army's continual evolution of an Adaptive Squad Architecture and what the future of operating in dense urban environments will require, the Summit agenda will discuss both near and long term capability gaps.

With an eye to the near term future, we will convene a panel to discuss the evolving research toward human-machine teaming in order to inform future Warfighter applications as well as innovations in brain - computer interfaces.

Attendees at DSI's Warfighter Systems Summit will have a unique opportunity to engage in open and honest conversation with key decision makers and acquisition authorities about the future of US close combat forces. Attendees will gain valuable insights into navigating the Warfighter capabilities acquisition processes and will hear about the solutions urgently needed by Warfighters to ensure the US maintains a tactical overmatch over its adversaries.

At DSI, we consider our sponsors as our partners. Our goal is to provide you with an experience that is custom designed to meet your organization's goals. To this end, we value your input and expertise and will work closely with you to create a sponsorship campaign that is tailor made for your business needs.
