

Critical Infrastructure Security Summit

Sponsor & Exhibitor Prospectus

The **Critical Infrastructure Security Summit** will provide a forum to discuss the latest developments in actions and measures taken to secure the nation's infrastructure. This year's Symposium will foster conversation between relevant stakeholders from the community to discuss how to meet and overcome evolving threats and attacks across our nation and ensure continued US freedoms and resilience across the critical infrastructure sectors.

As a recent executive order by President Biden states, "The United States faces persistent and increasingly sophisticated malicious cyber campaigns that threaten the public sector, the private sector, and ultimately the American people's security and privacy". The 2021 Critical Infrastructure Summit will bring together experts from the Government, Private Sector, and Academia to discuss defending and creating resilient systems to protect our nation's vital infrastructure from outside threats and other dangers.

At DSI, we consider our **sponsors as our partners**. Our goal is to provide you with an experience that is custom designed to meet your organization's goals. To this end, we value your input and expertise and will work closely with you to create a sponsorship campaign that is tailor made for your business needs.
